

Opportunities To Serve

Single Payer is without a doubt the best health care plan, but we are not there yet, and we need everyone's help to make it a reality. Many people don't know how to get started so the following opportunities are available making it easier for you to get involved. You can participate at whatever level you feel comfortable and know that anything you are able to do can make a difference.

Please check off the opportunity or opportunities you would like to get involved with:

Check	Opportunity	Description
	General Volunteer	As needed, according to my own schedule
	Gather Health Care Horror Stories	Tell your own story. When you hear of or ask for other's stories, gather them and ask permission to use them. These stories make powerful evidence needed to gain support.
	Work With Our Organizer	Soon we will have an organizer and he or she will need our help in carrying out our mission.
	Canvassing	Leaflet, circulate petitions, demonstrate, walk a picket line
	Fund Raising	An important aspect of our success is the ability to raise money to support the effort. You can do this by calling our members and supporters (friendly phone calls) to ask them to contribute.
	Work With The Legislature	This effort must ultimately be passed by the State Legislature to become law and that means calling legislators, going to Annapolis for meetings and asking others to call their friends who support single payer to make calls.
	Reach Out With FaceBook	We have a FaceBook page and you can reach out to others with it and provide content to it.
	Work With Or Organize a Local Chapter	Find a local chapter on our website in your area and get involved and we need chapters all across the state. Help is available to anyone who wants to start one.
	Be A Member Of The Phone Network	One of Vermont's most important tactics in winning what they have been able to achieve in healthcare reform was their phone tree. This will become most important as our organization grows.
